Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative initiated a telephonic interview with the Examiner to discuss adding limitations to the claim which reflected the parts of the Declaration, paper #21 filed May 14, 2003, which the examiner felt were persuasive but nor commensurate in scope with the claims, see the final office action, paper #23 mailed on August 25, 2003. The Examiner also felt that the Declaration as whole would be more persuasive if actual examples from the prior art were compared to the instant claimed invention.
